A MESSAGE FROM THE BROWN BROTHERS:

IT WAS 27 YEARS AGO WHEN WE BUILT OUR FIRST CUSTOM 4-STROKE MOTOCROSS BIKE IN A JUNIOR HIGH SHOP CLASS. IT WAS BRIGHT RED AND HAD A HAND-FABRICATED FRAME, CUSTOM LINKAGE-STYLE SINGLE SHOCK AND SWINGARM, DUAL LEADING BRAKES, AND A MODIFIED XR75 ENGINE. WE WERE JUST KIDS THEN, BUT WE WORKED HARD TO MAKE SURE EVERY COMPONENT ON THAT BIKE PERFORMED JUST RIGHT. THE EXPERIENCE OF RIDING THAT MOTORCYCLE WAS VERY POWERFUL. IT WAS A FEELING OF EXCITEMENT, PRIDE, AND ACCOMPLISHMENT.

SINCE THEN, WE'VE BUILT CUSTOM 4-STROKE MOTOCROSS BIKES AND HIGH-END COMPONENTS FOR THOUSANDS OF RACERS AND ENTHUSIASTS. OUR BIKES RANGE FROM THE FAMOUS PERIMETER FRAMED MINIS TO FULL-BLOWN NATIONAL OUTDOOR RACE BIKES, AND WE ARE FORTUNATE TO HAVE GAINED A REPUTATION FOR QUALITY, PERFORMANCE AND PROFESSIONALISM.

TODAY, OUR SELECTION OF AFTERMARKET COMPONENTS FOR THESE BIKES IS UNMATCHED IN THE INDUSTRY. BBR'S PRIMARY OBJECTIVE IS TO OFFER OUR CUSTOMERS THE VERY BEST AFTERMARKET PRODUCTS MONEY CAN BUY. WE ARE PROUD TO HAVE THE MOST TALENTED AND DEDICATED EMPLOYEES IN THE INDUSTRY, AND OUR MANUFACTURING FACILITY IS WELL EQUIPPED TO HANDLE ALL THE NEW PRODUCTS WE CAN DREAM UP.

THE FUTURE IS BRIGHT FOR THE OFF-ROAD MOTORCYCLE MARKET. THE 50CC AND 110CC SIZE BIKES CONTINUE TO CAPTURE AN ENTHUSIASTIC GROUP OF SKILLED RIDERS, AND THE 125CC TO 230CC MID-SIZE TECHNOLOGY IS IMPROVING EVERY DAY. AND NOW A WHOLE NEW GENERATION OF 4-VALVE WATER-COOLED 150CC RACE BIKES IS COMING TO THE SCENE. THE NEW R SERIES HONDA IS EVERYTHING WE HOPED IT WOULD BE, AND YOU WILL SEE THAT BBR HAS ALREADY INTRODUCED OUR NEW ALUMINUM PERIMETER FRAME KIT ALONG WITH MANY OTHER COMPONENTS FOR THIS AMAZING BIKE. WE LOOK FORWARD TO THE RELEASE OF COMPETITIVE 150'S FROM YAMAHA, SUZUKI AND KAWASAKI. THEY SHOULDN'T BE FAR BEHIND. IT'S A WHOLE NEW MARKET FOR THESE HIGH-HORSEPOWER MID-SIZE RACE BIKES, AND BBR IS DETERMINED TO LEAD THE INDUSTRY IN PERFORMANCE UPGRADES FOR THESE MACHINES.

WHATEVER 4-STROKE BIKE YOU ARE WORKING ON, PLEASE COUNT ON BBR TO HAVE WHAT YOU NEED, AND TO PROVIDE IT TO YOU WITH HIGHEST LEVEL OF SERVICE. OUR FRIENDLY SALES AND CUSTOMER SERVICE TEAM IS READY FOR YOUR CALL.

WE STILL HAVE THAT FIRST BRIGHT RED MOTORCYCLE DISPLAYED HERE AT BBR. IT REMINDS US EVERYDAY OF WHERE WE CAME FROM, AND HOW IMPORTANT IT IS TO KEEP THE SPIRIT OF INNOVATION ALIVE IN OUR COMPANY. AS YOU LOOK THROUGH THIS NEW 2007 CATALOG, WE HOPE OUR PASSION FOR THE SPORT SHOWS IN EACH OF OUR PRODUCTS.

WE LOOK FORWARD TO A GREAT 2007,

DUANE, CHRIS AND BRENT BROWN

Complete Custom Bikes Built to Order.  
 BBR Perimeter Frame CRF150R's from \$8499.  
 Call for details.

### The Ultimate 150R Upgrade

### BBR CRF150R Aluminum Perimeter Frame Kit™

Made from 6061 Aluminum, this heat-treated, hand-built Perimeter Frame Kit™ is lighter and stronger than the stock frame. This frame kit is precision-crafted by BBR's top fabricators and once again raises the bar for quality and performance. The computer-designed frame provides increased lateral stiffness which translates into more precise tracking and improved cornering. High-strength aluminum radiators have been designed to lower the center of gravity creating better balance and maneuverability.

- CNC machined billet head-tube, side spars, shock tower, frame cradle and motor mounts
- BBR frame geometry
- BBR high-strength, high-flow, low profile aluminum radiators (by Fluidyne)
- Custom low-profile BBR gas tank
- Removable foot-peg brackets
- BBR graphics
- BBR billet gas cap

This kit works with OEM, BBR and many other after-market exhaust systems and uses the following OEM CRF150R parts: motor, suspension, rear swingarm, plastic, wheels, sub-frame, seat, foot pegs, air box, etc...

PART NO.	350-BBR-1012
APPLICATION	CRF150R 07-Present
PRICE	3299.95

## D-Section™ R and RT Combo Exhaust System

For those of us who want it all, BBR offers the ultimate D-Section™ R and RT Combo exhaust system. The foundation of this system is the thin-wall stainless tail section with 6061 T-6 aluminum can with billet mounting bracket and signature BBR billet end cap. The large volume D-Section™ provides more tire clearance and greater packing volume. This system comes with two thin-wall stainless steel headers: (1) the "R" header produces incredible power in mid to high RPM range and (2) the "RT" header delivers hard-hitting power in the bottom and mid RPM range.

### The BBR Advantage

- Billet aluminum end cap
- Power curve choices with "R" or "RT" headers
- Thin-wall stainless tubing, light weight & durable
- Quick-change tuning inserts
- Stainless steel heat-shield
- Removeable spark arrester, USDA Forest Service approved
- 6061 T-6 aluminum D-Section can, with billet aluminum mounting bracket

DESCRIPTION	R/RT Combo, Black	D-Section R, Black	D-Section RT, Black
PART NO.	211-HCR-1615	211-HCR-1612	211-HCR-1611
APPLICATION	CRF150R 07-Present	CRF150R 07-Present	CRF150R 07-Present
PRICE	749.95	599.95	599.95

D-Section R/RT Combo

## D-Section™ R Exhaust System

This high-reving race exhaust makes incredible power in the mid to high RPM range and is well suited to high-speed outdoor motocross tracks and wide open spaces. Comes with everything listed except the "RT" header.

D-Section R

## D-Section™ RT Exhaust System

This high-torque exhaust delivers hard-hitting power in the bottom and mid RPM range. This option is the perfect choice for indoor tracks, Arenacross, or woods and trail riding. Comes with everything listed except the "R" header.

D-Section RT

Another BBR feature is the **quick-change tuning inserts** which give finer control of the sound and power characteristics. The quick-change inserts provide three different sound settings to match your riding style and help meet local noise regulations. The system also features a **stainless steel heat shield** and **removable spark arrester**. Each system is handcrafted and test fit by the pros at BBR.

Quick Change Tuning Inserts

Removable Spark Arrester  
USDA Forest Service Approved

Stainless Steel Heat Shield

*"We found the 'R' header to do just what it was designed for, increasing the mid to high RPM power. The header we liked best, as did our beginner to novice riders, was the 'RT' header. It pumped up the power over stock right off idle all the way through the mid range"*

**-Dirt Bike Magazine, February 2007**

## BBR Billet Adjustable Linkage

Machined from billet aluminum with interchangeable inserts.

- 5 seat height adjustments: Stock, +15mm, -15mm, +10mm, -10mm
- CNC machined 6061 aluminum
- Red anodized with BBR logo
- Interchangeable inserts to select length of link
- Includes bearings and seals

PART NO.	625-HCF-1641
APPLICATION	CRF150R 07-Present
PRICE	229.95

## BBR Billet Brake Pedal

This lightweight billet 6061 T-6 aluminum brake pedal replaces the stock steel pedal adding strength and saving weight. With three different tip location settings, it allows the rider to customize the fit and function of this important control. Pre-drilled for a brake snake, this brake pedal is ready to race, just bolt it on.

PART NO.	120-HCF-1641
APPLICATION	CRF150R 07-Present
PRICE	169.95

## BBR 4-Way Adjustable Tripleclamp

Billet machined 6061 T6 aluminum tripleclamp with 4 bar location settings. 3-bolt lower, 2-bolt upper pinch design. Complete set includes lower clamp with billet aluminum steering stem and upper clamp. Red anodized finish.

## BBR Billet Aluminum Sprocket Cover

CNC machined from lightweight 6061 aluminum, this anodized red billet sprocket cover is a must have item for any serious 150R rider. Replaces OEM plastic cover with strong billet aluminum to protect sprocket and engine cases from rocks and debris.

PART NO.	405-HCF-1642
APPLICATION	CRF150R 07-Present
PRICE	69.95

### BBR Billet Axle Adjuster Blocks

CNC machined from 6061 aluminum with red anodized finish & BBR logo.

PART NO.	332-HCF-1641
APPLICATION	CRF150R 07-Present
PRICE	44.95

### BBR Billet Gas Cap

Signature billet 6061 T-6 aluminum gas cap is CNC machined for a precision look and comes with an anodized breather tip. Designed specifically for the CRF150R.

PART NO.	110-HCR-1204
APPLICATION	CRF150R 07-Present
PRICE	69.95

### BBR Aluminum Folding Shift Lever

This lightweight aluminum folding shift lever replaces the stock steel lever saving weight and improving function. Hi-strength forged aluminum construction with a durable knurled steel folding tip. Ti anodized finish. Stronger and lighter than the stock shift lever. Available in standard length and a youth version (3/8" shorter than stock.)

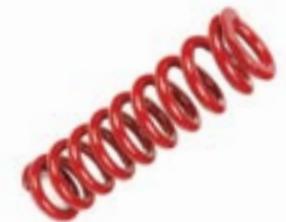

DESCRIPTION	Standard	Short
PART NO.	537-BBR-1008	537-BBR-1004

PRICE	39.95	39.95

### IMS Pro Series Pegs

Cast stainless steel for high strength and durability. Wider foot peg platform for better support.

PART NO.	530-IMS-1005
APPLICATION	CRF150R 07-Present
PRICE	95.95

### BBR Heavy Duty Shock Spring

Designed for adult-sized riders with a stiffer spring rate of 6.2 kg. Custom-wound from aircraft-quality spring steel. Powder-coated finish.

PART NO.	660-HCR-8005
APPLICATION	CRF150R 07-Present
PRICE	89.95

### BBR Heavy Duty Fork Springs

Designed for adult-sized riders with a heavier spring rate of .44kg. Pre-set and stress relieved for long life.

PART NO.	650-HCR-8005
APPLICATION	CRF150R 07-Present
PRICE	79.95

### Tall Seat Foam with Cover

Features a flatter mid section (1" taller), non-slip seat cover and uses OEM plastic seat base.

PART NO.	715-HCF-1601
APPLICATION	CRF150R 07-Present
PRICE	99.95

### BBR Graphics Kit

Unique BBR graphics kit with traditional black & red with custom chrome BBR logo inlay. Includes graphics for shroud, fenders, swingarm, fork and an assortment of other BBR decals.

DESCRIPTION	Graphics Kit w/Seat Cover	Graphics Only

### Galfer Wave™ Rotor

Patented design... a true works bike disc brake rotor.

DESCRIPTION	Front Rotor
PART NO.	550-HCF-1601
APPLICATION	CRF150R 07-Present
PRICE	129.95

DESCRIPTION	Rear Rotor
PART NO.	550-HCF-1602
APPLICATION	CRF150R 07-Present
PRICE	129.95

### BBR CRF50 Aluminum Perimeter Frame Kit™

The BBR Perimeter Frame Kit is the ultimate upgrade for your XR/CRF50. An engineering masterpiece with the results to back it up. This frame has won numerous 50cc titles in America and around the world: Langtown, White Bros. World Championship, Screwy-Dilla, Sweet Bud, Vegas Mini-Moto SX, Texas Mini-Moto, Northwest Indoor Championship, Australian National Championship, and many more. The unique frame and swingarm design provides superior handling and eliminates the motor as a stress member of the frame. Broken motor cases and twitchy handling are a thing of the past! 100% engineered, machined, welded, heat-treated and tested in the USA. No other frame on the market even comes close.

- BBR Patented frame design
- 6061 aluminum twin spar frame 1" longer than stock
- 6061 Billet Adjustable SuperComp™ Swingarm 5" longer than stock
- 8.0" of rear wheel travel utilizing a one-of-a-kind billet BBR SuperShock™ (by Elka), custom-built specifically for the BBR Perimeter Frame. It is fully rebuildable, uses standard size valving shims and has a giant 16mm shaft. It also provides adjustable compression and rebound with optional spring rates.
- Tapered steering bearings pre-installed for easy assembly
- Brushed aluminum finish
- Comes complete with MSO paperwork for easy registration
- Frame Kit includes: frame, subframe, swingarm, shock, D-Section exhaust, custom tank, footpeg mounts, carb manifold adapter, chain guide and BBR billet gas cap.

PART NO.	350-BBR-5009
APPLICATION	XR/CRF50 00-Present

### BBR CRF50 Aluminum SuperPro Frame Kit™

BBR proven performance and value. Super light and super strong, the BBR SuperPro Frame can handle the most extreme conditions. It is 100% designed, tested, machined, welded and heat-treated in the USA. Tired of trying to get the 1970's mono-shock style suspension to work? This frame has the best XR/CRF50 rear suspension design available. High-quality, exclusive BBR SuperShock™ (by Elka).

- Kit includes frame, subframe, swingarm and shock
- 6061 aluminum frame 1" longer than stock
- 6061 Billet SuperComp™ non-adjustable swingarm 5" longer than stock
- 8.0" of rear wheel travel utilizing a one-of-a-kind billet BBR SuperShock™ (by Elka), custom-built specifically for the BBR Super Pro. It is fully rebuildable, uses standard size valving shims, and has a giant 16mm shaft. Adjustable compression and rebound with optional spring rates.
- Roto-blast aluminum finish
- Tapered steering bearings are pre-installed for easy assembly
- Comes complete with MSO paperwork for easy registration

PART NO.	660-HXR-1007	660-HXR-1005	See Page 17
PRICE	89.95	89.95	

### BBR Billet SuperComp™ Adjustable Swingarm

Revolutionary design. This billet swingarm incorporates the latest in BBR rear suspension technology. 5" longer than stock. Unique BBR engineering with 3 interchangeable leverage blocks (soft, medium, stiff). This range of leverage blocks give you control of rear suspension set-up for weight, ability, track conditions, and rider preference. Available as option on SuperPro and Perimeter 50 frames.

PART NO.	330-BBR-5007
APPLICATION	BBR SuperPro & Perimeter 50 Frames
PRICE	699.95

### Elka Mini Series Rear Shock

Built from the highest quality materials, Elka offers the ultimate rear shock for stock type frame and swingarm combos. Fully adjustable compression, rebound and preload.

RIDER RATING	75-130lb	130-190lb	190-250lb

### Tokyo Mods Stage 3 Digital Ignition System

A true "Works" ignition system for your racer. 10 Map programable module with handlebar mounted switch to select curves. Complete digital system with lightweight flywheel and everything needed for installation.

PART NO.	452-HXR-5003
APPLICATION	XR/CRF50 00-Present
PRICE	849.95

### Daytona 5-Disc Transmission Kits

These purpose-built race transmissions are equipped with a full-manual clutch with reduced weight on the end of the crank, creating a more responsive fast-revving motor. Extremely durable heavy duty clutch designed to withstand the torque of high-horsepower motors. The gear ratios are race-oriented and engineered for higher horsepower and faster speeds. BBR recommends 3-speed transmissions for 10" wheel applications and 4-speed transmissions for 12" applications including BBR's mid-size pro.

### BBR Performance Sprockets

Lightweight aluminum rears and durable steel fronts. Available in almost any size.

BBR/Monster Energy Drink  
Factory Rider

### BBR MidSize Pro Perimeter Frame™

The MidSize Pro uses KLX110 Perimeter Frame geometry, forks, wheels, seat and plastic. What distinguishes this frame from the BBR 110 Perimeter Frame is that it utilizes a CRF50-based motor. That's right, you can have a mid-size chassis with a high-horsepower CRF50-based power plant. With today's advanced technology in CRF50 engines, you can achieve a superior power-to-weight ratio with the MidSize Pro™ from BBR.

- Patented BBR frame design
- 6061 aluminum twin spar frame
- 6061 BBR Billet Adjustable SuperComp™ Swingarm 2.5" longer than stock
- 8.0" of rear wheel travel utilizing a one-of-a-kind billet BBR SuperShock™ (by Elka), custom-built specifically for the BBR Perimeter Frame™. It is fully rebuildable, uses standard size valving shims and has a giant 16mm shaft. It also provides adjustable compression and rebound with optional spring rates.
- Tapered steering bearings pre-installed for easy assembly
- Brushed aluminum finish
- Comes complete with MSO paperwork for easy registration
- Frame Kit includes: frame, subframe, SuperComp™ swingarm, shock, D-Section™ exhaust, gas tank, footpeg mounts, brake pedal, kickstarter, side panels, chain guide and BBR gas cap.

Patent# 522,928S

### BBR CRF100 Aluminum Perimeter Frame Kit™

National-level race frame kit. For the Ultimate CRF80/100F enthusiast. Includes frame, motor mounts, brake pedal, footpeg mounts, plastic gas tank, air-boot, exhaust system, graphics kit & seat cover, and BBR gas cap. Uses chassis components from 1996-2007 Honda CR80/85R/RB. Complete with MSO paperwork. Complete race ready bikes from \$8,499.

PART NO.	350-BBR-1001
APPLICATION	XR/CRF100
PRICE	3299.95

### BBR 120cc Big Bore Kit with Cam

BBR Motorsports celebrates one of the best selling dirt bikes of all time with this high-compression 120cc Big Bore Engine Kit for the XR/CRF 100. Increased displacement, higher compression and large cooling fins enhance the performance and longevity of the motor. This is the only XR/CRF 100 bore kit that matches the new rocker arms perfectly to the new high performance BBR cam shaft. This kit is ready to go and bolts on with no case boring required. Dyno tests show more than 2HP gain with this kit.

- Increased displacement
- High compression
- High performance camshaft
- New rocker arms and adjusters
- Large fin cylinder design
- Gasket Kit
- Complete piston, pin, clip and rings

### BBR KLX/DRZ110 Aluminum Perimeter Frame Kit™

Want the ultimate KLX or DRZ110? The BBR Aluminum Perimeter Frame Kit is the trickiest frame money can buy. Utilizing a patented BBR design, this race ready frame and adjustable swingarm eliminates the motor cases as a stress member of the frame while providing unsurpassed strength and performance from superior craftsmanship. 100% engineered, machined, welded, heat-treated and tested in the USA.

- Patented BBR frame design
- 6061 aluminum twin spar frame 1" longer than stock
- 6061 BBR Billet Adjustable SuperComp™ Swingarm 2.5" longer than stock
- 8.0" of rear wheel travel utilizing a one-of-a-kind billet BBR SuperShock™ (by Elka), custom-built specifically for the BBR Perimeter Frame™. It is fully rebuildable, uses standard size valving shims and has a giant 16mm shaft. It also provides adjustable compression and rebound with optional spring rates.
- Tapered steering bearings pre-installed for easy assembly
- Brushed aluminum finish
- Comes complete with MSO paperwork for easy registration
- Frame Kit includes: frame, subframe, SuperComp™ swingarm, shock, D-Section™ exhaust, gas tank, footpeg mounts, brake pedal, side panels, chain guide and BBR gas cap.

### BBR Handlebar/Tripleclamp Kit

This newly designed handlebar kit provides more leg room with added rider comfort and stability; raises the hand position 1.5" and moves it forward 1". This bar kit makes it easier to move around and enables easy transition from sitting to standing, which improves bike control and stability in difficult terrain.

- Billet triple clamp carved from a solid block of 6061 aluminum
- Double pinch bolt with larger clamp surface
- 2 position bar mount
- High-quality BBR aluminum motocross mid-size handlebar
- Forged motocross brake lever
- Extended +5" Brake Cable
- Grip glue for easy installation
- BBR kill switch
- BBR handlebar grips

### BBR SuperComp™ Adjustable Swingarm Kit

This is the best suspension upgrade money can buy. Simply replace your entire rear suspension with BBR's race proven Swingarm Kit. This package increases rear wheel travel to 8" while extending wheelbase by 2 1/2". Seat height is raised by 1 3/4". Unique BBR engineering with three interchangeable leverage blocks (soft, medium, stiff). The interchangeable leverage blocks give you control of rear suspension set-up for weight, ability, track conditions and rider preference. The kit comes complete with BBR SuperComp™ Swingarm, bullet proof BBR SuperShock™ (by Elka), CNC-machined upper shock mount, chain guide and all necessary hardware.

PART NO.	330-KLX-1106
APPLICATION	KLX/DRZ110 02-Present
PRICE	1499.95

### BBR HD Fork Springs

Custom-developed by BBR for the perfect 110 suspension package. Preset and stress-relieved for consistent performance and long life. Fits stock fork.

PART NO.	650-KLX-1105
APPLICATION	KLX/DRZ110 02-Present
PRICE	79.95

### BBR Rear Disc Brake System

No expense has been spared! BBR engineered and purpose-built, scaled down Big Bike Brake System. Featuring a billet one-piece hub with massive bearings, thick rotor, and full-floating caliper, this brake system is ready to handle the highest horsepower minis on the planet. Optional adapter kit required for stock type frames.

### BBR Big Valve Race Head

Race proven performance. Developed by BBR's in-house engine R&D team, this head provides HUGE performance gains throughout the power curve. Each head is meticulously hand fabricated and assembled using oversized intake and exhaust valves, BBR's HD valve springs with retainers and BBR's Performance Camshaft. For use with BBR's 160cc and 143cc Big Bore Kits. Other applications may require piston modification.

PART NO.	410-KLX-1170
APPLICATION	BBR 160 & 143cc Big Bore Kits
PRICE	799.95

### Heavy Duty Stud & Nut set

PART NO.	410-KLX-1110
APPLICATION	BBR 160 & 143cc Big Bore Kits
PRICE	39.95

### BBR Forged Output Shaft w/1st Gear

Developed for the BBR race team, this forged shaft is the strongest available on the market. A must have for high-horsepower motors. Comes with forged, high-strength 1st gear.

PART NO.	411-KLX-1150
APPLICATION	KLX/DRZ110 03-Present
PRICE	149.95

### BBR 26mm Carb Kit

Featuring a Mikuni VM26 carburetor with BBR high-flow intake manifold for optimum performance. This kit is a must have for any bore kit larger than 130cc. Also includes: throttle, throttle cable, gaskets, extra jets for fine tuning and all necessary hardware. Add BBR Air Filter Kit for best results.

PART NO.	420-KLX-1102
APPLICATION	KLX/DRZ110 02-Present
PRICE	279.95

### BBR Performance Camshaft

Maximize the 110 power range. Enhances mid- and top-end power with easy install. No core required. Use in stock motor or in addition to the 130 and 160 bore kits.

PART NO.	411-KLX-1120
APPLICATION	KLX/DRZ110 03-Present
PRICE	129.95

### BBR Air Filter Kit

A must for any performance engine. Complete kit includes: Air filter and air-box removal bracket.

PART NO.	430-KLX-1105
APPLICATION	KLX/DRZ110 02-Present
PRICE	39.95

#### Replacement Filter

PART NO.	430-KLX-1106
APPLICATION	KLX/DRZ110 02-Present
PRICE	19.95

### Hydraulic Clutch Conversion Kit

A must have for any serious racer. This kit converts auto-clutch to a semi-manual. Installation requires the use of HD clutch springs (410-KLX-1106). Add Clutch Removal Spacer (410-KLX-1115), and convert into a full manual clutch set-up.

PART NO.	555-KLX-1101
APPLICATION	KLX/DRZ110 02-Present
PRICE	319.95

### BBR KLX/DRZ 110 D-Comp™ Camshaft

BBR has developed this exclusive camshaft with a decompression mechanism. The decompression device releases cranking pressure during start up. Once started, full compression is restored. This new D-Comp™ camshaft will allow most bikes to actually be started by hand. Now there is no reason to hesitate to use a huge bore or a stroked crankshaft.

- Includes camshaft with sprocket, bearings, and the complete decompression mechanism.
- Even 160cc motors are super easy to start.
- Same camshaft as used by the BBR Race Team

## Catalog Ordering Information

### Telephone Orders

Phone orders can be placed Monday through Friday, 7 A.M. – 5 P.M. Pacific Time. Give us a call, toll free at (888-668-6227) (888) MOTO-BBR, or at 253-631-8233.

### Fax Orders

Fax orders may be placed 24 hours a day at 253-631-4260. Please include the following information on all fax orders: Name, shipping address, billing address, complete credit card number including expiration date and 3 digit security code, preferred shipping method, e-mail address and the best contact phone number for any questions regarding your order.

### Payment

All payments must be made in US currency. BBR accepts Visa®, Mastercard® and American Express®. For mail-in payment, BBR will accept Cashier's Checks and Money Orders. Minimum order amount is \$20.

### Shipping

A street address is required for all shipments (UPS/Fed-Ex cannot ship to a PO Box). Ground, Next Day Air, 2nd Day Air and 3 Day Select services available. Other shipping methods are available upon request. Custom bikes and shipments to be delivered outside the continental US require extra attention. Please

ask your BBR representative for details. Please check our web site or call for more information on shipping and handling charges.

### International Orders

BBR gladly accepts international orders. Please contact a BBR representative at (253)-631-8233 or via e-mail at [sales@bbrrmotorsports.com](mailto:sales@bbrrmotorsports.com) for details. We look forward to hearing from you.

### Dealers

BBR sells dealer-direct to fine motorsports dealers everywhere. Dealer inquiries invited. Dealer may pay via Visa, Mastercard, American Express and COD. COD payments must be made via company check. A \$35 fee will be charged on all returned checks. BBR products are also available through major motorsports distributors.

### Returns

BBR will gladly accept returned product providing the item was purchased directly from BBR and returned within 30 days from the date of the original invoice. Customers must obtain a return-authorization number (RA#) by calling BBR at 253-631-8233 prior to return shipping. All items must be returned in the original package and in new condition. A restocking fee of 20% will apply. Returns sent COD will not be accepted. No returns will be accepted on custom or special products (frame kits, custom bikes, custom parts, engine work, etc.)

### Warranty

Except as stated, BBR makes no warranties, expressed or implied with respect to its products, their merchantability, or fitness for a particular purpose. In no case shall BBR be liable for incidental or consequential damages. All sales are subject to BBR's Standard Terms and Conditions of Sale, a copy of which is available upon request or available for review on BBR's web site:
