

BBR Motorsports. A family-run business since the beginning.

THE BEGINNING

Chris (9), Duane (11) and Brent (14) buy out NK Cycle from their mentor-cousin, Brian Demaray, and begin distribution of BMX parts and Motocross accessories in their parents' garage as "Brown Brothers Bike World"

1976

MOVING UP

The bike shop moves into an 1,100 square foot retail space in Kent, WA. The "Tracker" BMX team is formed and the brothers alternate between the BMX tracks and the Motocross tracks.

1978

1973

THE BROWN BROTHERS

Growing up in Kent, Washington, the Brown brothers have always been close. From the beginning, life revolved around anything with wheels.

83.88°

Welcome to BBR Motorsports.

At BBR, our mission is simple. We want to create and build the most innovative 4-stroke off-road motorcycle products in the world, and offer them to our customers with the highest level of service in the industry.

We have fabricated custom bikes for top motocross stars, celebrities, and corporations who want to own the very best that money can buy. From our first aluminum-framed XR's to our new Perimeter framed mini-racers, we work hard to maintain our reputation as the leader in handcrafted, custom off-road motorcycles.

In the spirit of our BBR race bikes, we are excited to offer a complete line of aftermarket components for many of the most popular production 4-strokes. Utilizing the latest in CNC and CAD technology, each product is fabricated with the attention to detail you've come to expect from BBR. We understand the importance of proper frame geometry, precision tolerances, and the correct use of the metals and materials it takes to provide the highest level of performance and reliability. It's what we do!

New products featured this year include an expanded line of BBR Perimeter Aluminum Frame Kits, exclusive BBR D-Section Exhaust Systems, a complete new line of BBR Engine Kits, and much more. And the best is yet to come! We have even more unbelievable products on the drawing board. Our search for more power, better handling, and serious fun is never ending.

While the development and production of these products is an important part of our business, we haven't forgotten that we are just doing what we love. Our lives revolve around this sport. We still spend every day at the shop, and ride every evening until dark. It's been that way since mom and dad built a small shop for us behind the house when we were kids. While other kids played football, we spent our time chopping and grinding on motorcycles in the shop.

To this day, our true passion is still the simple thrill of riding. We recognize that our customers feel the same way. So whether your dream is to win a national event, race at the local track, or just spin laps in the backyard with your buddies, you can count on BBR to provide you with a huge selection of innovative products and the customer service support you are looking for.

See you at the races!

BBR Brown
Brent Brown

MONEY WELL SPENT

Duane and Chris purchase a YZ80 from the local Yamaha dealer. The payment is \$23 per month. Dad (Charlie Brown) lets the boys bulldoze the backyard into a mini-motocross track.

THE BMX DAYS

The brothers change the name of the shop to "BBR" (Brown Brothers Racing). The BBR BMX team supports 14 riders who compete at national events across the country.

1979

THE FIRST BBR BIKE

While classmates in Jr. High shop class build pot holders, Chris and Duane build a custom XR75 with a hand-fabricated frame incorporating a custom linkage-style single shock and swingarm combo, dual leading brakes, and a modified powroll engine. Grade: A+.

1980

1981

SUCCESS

The bike shop thrives and provides the resources to play with more motorcycles and race cars. The "BBR" logo first appears on Brent's 1969 Roadrunner drag-car as he wins a 1981 West Coast divisional event at Seattle International Raceway at age 18.

BBR

WWW.BBRMOTORSPORTS.COM

Langtown will celebrate its 21st anniversary in 2005. What started as a few guys banging bars in the backyard has become one of the world's premier backyard pit-bike events.

1984

SHIFTING GEARS

The Bike Shop is sold and a new 2,500 square-foot motorsports machine shop is built with a three-acre supercross-style track in the back. The brothers can now machine all kinds of motorsports parts during the day and ride every evening until dark.

BBR PRODUCTION

BBR begins stuffing XR engines into YZ's, CR's and RM's. The Brothers' personal motocross bikes get more exotic. Hand-built BBR Aluminum Swingarms become available for the XR75-100, and orders pour in.

1986

1987

EDUCATION

Chris studies at Seattle Pacific University for his computer Science degree, Duane receives his fabrication and auto body degree, and Brent graduates with a business and finance degree. The perfect team for the BBR business takes shape.

MUSCLE CARS

In addition to motorcycles, BBR begins to restore Mopar muscle cars. Over the next four years, BBR would restore over 30 show-winning cars, earning a reputation for craftsmanship and attention to detail. (Brent's 1970 Superbird)

BBR XR/CRF50 Aluminum Perimeter Frame Kit

The BBR Perimeter Frame Kit is the ultimate upgrade for your XR/CRF50. Each and every kit is handcrafted by the master fabricators at BBR. The unique frame design provides superior handling and eliminates the motor as a stress member of the frame. Broken motor cases and twitchy handling are a thing of the past! 100% engineered, machined, welded, heat-treated and tested in the USA.

- 6061 aluminum twin spar frame 1" longer than stock
- 6061 aluminum swingarm 3" longer than stock
- 6.2" of rear wheel travel utilizing a one-of-a-kind billet Elka rear shock, custom-built specifically for the BBR Perimeter Frame. It is fully rebuildable, uses standard size valving shims and has a giant 16mm shaft. It also provides adjustable compression and rebound with optional spring rates.
- Tapered steering bearings pre-installed for easy assembly
- Brushed aluminum finish
- Comes complete with MSO paperwork for easy registration
- Frame Kit includes: frame, subframe, swingarm, shock, D-Section exhaust, gas tank, footpeg mounts, carb manifold adapter, chain guide and BBR gas cap.

Women's Motocross is a fast-growing

segment of the motorcycle industry. Thousands of women across the country participate at both amateur and professional levels. Many more just enjoy the thrill of riding. Over the years, BBR has worked closely with female riders who benefit from performance upgrades for the smaller and midsized bikes.

NEED 90 DEGREE
ANGLE NO RADIUS

THRU 5 PLCS.

1992

THE VISION

Duane and Chris set out to build the trickiest 4-stroke motorcycles in the world. Brent begins developing a formal business plan for BBR. In 1991, Duane and Chris win best of show with their 1969 Hemi 4-speed Road Runner (above) at the West Coast Mopar Nationals.

MAKE EVERY DAY COUNT

Chris develops life-threatening pancreatitis and spends the next 10 years of his life in and out of the hospital. The first BBR Aluminum Frames were designed from a hospital bed. Life is short so do what you love. . . motorcycles.

1994

1995

COMING OUT

BBR debuts its first Aluminum Framed Race Bikes at the White Brothers 4-Stroke Championships. A BBR 280 is featured in the new Mikuni calendar. (Duane's wife jokingly adds coverage to the swimsuit with a felt marker) American Honda takes interest in BBR's prototyping and a long-standing relationship is formed.

COVER SHOTS

BBR's Aluminum Framed XR400 hits the cover of both Dirt Bike and Motocross Action Magazine. MXA deems it "The World's Best 4-Stroke." Versions of this bike win almost every class at the 4-Stroke World Championships.

1997

THE HINDENBERG

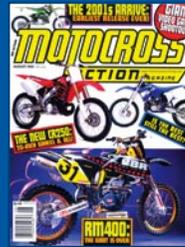

BBR fabricates "The Hindenberg", a hand-made Aluminum Perimeter Frame with a Husaberg 501 motor. Honda development rider Rich Taylor podiums the bike against full factory riders at the Washougal Outdoor Nationals. Does your new CRF450 look familiar?

EXPANSION

BBR swings into production of complete Custom Aluminum-Framed Motocross Bikes. A line of aftermarket parts is developed for the new YZ400 4-Stroke, and BBR Frame Kits are in high demand for XR/CR conversions.

1998

2000

PERIMETERS

BBR's Perimeter Framed YZ426 is introduced, and retails for \$22,000. Other bikes include a Works-Suzuki RM400, TTR225/YZ125 Conversion and a variety of custom mini's. Magazine coverage and numerous race wins result in rapid company growth. The waiting list for BBR bikes stretches to over six months.

FOUNDATION

BBR's new Aluminum Perimeter Framed YZF250F 4-Stroke hits the market. Weighing 20lbs less than the stock bike, it is the foundation for Honda's future CRF250. Hand-crafted race bikes remain the foundation of BBR.

MINI BIKE DEVELOPMENT

Sales of BBR 50's soar with the development of the BBR "Super-Pro" Frame Kit. BBR 50's place 1-2-3 at the 4-Stroke World Championships at Glen Helen. BBR 150's take 1-8 at Langtown and 1-10 at the White Brothers Nationals.

BBR'S NEW FACILITY

BBR's new state-of-the-art manufacturing facility houses the latest in CAD design, CNC technology and one of the largest selections of innovative 4-stroke MX performance products in the world.

2002

PLAYBIKE OF THE YEAR

Motocross Action Magazine names BBR's TTR125 "Playbike of the Year", and the first Aluminum Framed XR50 is on the cover of Dirt Bike Magazine ridden by Travis Pastrana. Work continues on development of a BBR Aluminum Perimeter Frame for the 50 along with a CRF150 components program.

2003

2004

THE ULTIMATE MINI

BBR introduces the first Aluminum Perimeter Frame for the 50 and 110 mini-bike market after four years of development. The first water-cooled 50 prototype is tested. BBR places 1-10 at the Las Vegas Mini-Moto Nationals with Aluminum Framed bikes ridden by MC, Taylor, Stanton, Antunez, Lewis, Hagseth and others.

BBR D-Section Exhaust System

Do you want the absolute highest quality mini-bike exhaust system on the market?

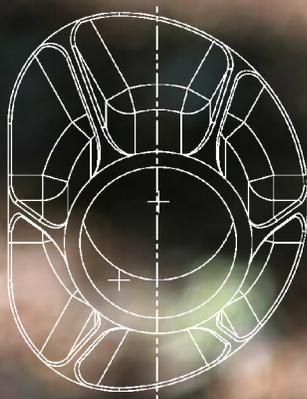

With over two years of development and testing, our new BBR D-Section Exhaust System takes performance to the next level. Every piece of this new exhaust system is handmade in-house at BBR using only the best materials available. These pipes feature a billet end cap carved from solid aluminum block, thin-wall stainless header and heat shield, and our exclusive D-Section design for increased tire clearance and packing volume. The BBR D-Section has already won every major mini-bike race that matters. There is BBR soul in every pipe we build—nothing else comes close! Call our experienced BBR sales team for more information. **AVAILABLE SPRING 2005**

- Thin-wall stainless steel header and mid-pipe
- Lightweight 6061 aluminum D-Section muffler
- Billet BBR endcap
- Stainless steel heat shield
- USDA Forest Service approved spark arrester
- BBR quiet core insert included
- All stainless-steel hardware

Catalog Ordering Information

BBR products can be found at finer motorsports dealers worldwide. Orders are also accepted direct at our headquarters in Auburn, WA, USA.

Telephone Orders

Phone orders can be placed Monday through Friday, 7 A.M. – 5 P.M. Pacific Time. Give us a call, toll free at (888) MOTO-BBR (888-668-6227), or at 253-631-8233.

Fax Orders

Fax orders may be placed 24 hours a day at 253-631-4260. **Please include the following information on all fax orders:** Name, shipping address, billing address, complete credit card number including expiration date and 3 digit security code, preferred shipping method, e-mail address and the best contact phone number for any questions regarding your order.

Payment

All payments must be made in US currency only. BBR accepts Visa®, Mastercard® and American Express®. For mail-in payment BBR will accept Cashier's Checks and Money Orders. Minimum order amount is \$20.

Shipping

BBR normally ships via UPS, so a street address is required (UPS cannot ship to a PO Box). UPS offers Ground, Next Day Air, 2nd Day Air and 3 Day Select services at very reasonable prices. Other shipping methods are available upon request. Custom bikes and shipments to be delivered outside the continental US require extra attention. Please ask your BBR representative for details. Please check our web site or call for more information on shipping and handling charges.

International Orders

BBR gladly accepts orders from around the world. Please contact a BBR representative at 253-631-8233 or via e-mail at sales@bbrmotorsports.com for details. We look forward to hearing from you.

Dealers

BBR sells dealer-direct to fine motorsports dealers everywhere. Dealer inquiries invited. Dealer may pay via Visa, Mastercard, American Express and COD. COD payments must be made via company check. A \$35 fee will be charged on all returned checks. BBR products are also distributed through White Brothers, Western Power Sports and Tucker Rocky.

Returns

BBR will gladly accept returned product providing the item was purchased directly from BBR and returned within 30 days from the date of the original invoice. Customers must obtain a return-authorization number (RA#) by calling BBR at 253-631-8233 prior to return shipping. All items must be returned in the original package and in new condition. A restocking fee of 20% will apply. Returns sent COD will not be accepted.

No returns will be accepted on custom products (frame kits, custom bikes, custom parts, engine work, etc.)

Warranty

Except as stated, BBR makes no warranties, expressed or implied with respect to its products, their merchantability, or fitness for a particular purpose. In no case shall BBR be liable for incidental or consequential damages.

All sales are subject to BBR's Standard Terms and Conditions of Sale, a copy of which is enclosed with every order and which is available for review on BBR's web site: <http://www.bbrmotorsports.com>

Have fun and ride safe!
